I PISCATUM! GO FISH!

This little booklet is designed to guide you through playing *Go Fish* and similar card games. Each time you play you should try to use more Latin in a variety of ways. Ultimately you should be able to do away with using any English at all when you gather with your friends to play cards.

The majority of terminology in this booklet is based on Ioannes L. Vives - *Exercitatio liguae Latinae*, XXI. *Ludus Chartarum*. http://www.grexlat.com/biblio/vives/21_Ludus.html
